

RESTORED

[Intro]

I've been drowning in these depths
Where every breath feels like my last

[Verse 1]

Surrounded by the weight of endless night
Fighting through this suffocating tide
They said I'd break, they said I'd fall
But something deeper drives me through it all
(Through it all)

[Pre-Chorus]

Can you feel it break?
Watch the barriers shake
As you tear through my walls

[Chorus]

Your light pierces the darkest void
(Oh-oh-oh)
When all hope seems destroyed
Your light pierces the darkest void
And I'm found, I'm restored, I survive

[Verse 2]

They mock the strength that keeps me whole
They cannot see what burns inside my soul
But I'll stand firm when chaos reigns
Your truth becomes my victory chain
(My chain)

[Pre-Chorus]

Can you feel it break?
Watch the barriers shake
As you tear through my walls

[Chorus]

Your light pierces the darkest void
(Oh-oh-oh)
When all hope seems destroyed
Your light pierces the darkest void
As I'm found, I'm restored, I survive

[Bridge]

Break me down!
Build me up!
Tear away!
What holds me back!

[Breakdown]

Your Light!
Your light pierces!
(Pierce the void!)
Your light pierces!
(Pierce the void!)
Your light pierces!
(Pierce the void!)

[Final Chorus]

Your light pierces the darkest void
(Oh-oh-oh-oh)
When all seems lost and destroyed
Your light pierces the darkest void
And I rise, I'm restored, I survive
